

Revelation 21:16 And the city lies foursquare, and its length is as great as its breadth. And he measured the city with the reed, twelve thousand furlongs,¹ its length and breadth and height are equal.

Footnote: About 2,220 kilometers (1,379 English miles) A furlong corresponded to a stadium and equaled one eighth of a Roman mile, 185 meters (606.75 feet)
