

~ATAROTH 2 (26)

(At'a-roth) [Crowns, that is, circular enclosures]

- **A town along the boundary between the territories of Ephraim and Benjamin.**
- **And it went out from Bethel belonging to Luz and passed over to the boundary of the Archites at **Ataroth**. (Joshua 16:2)**
- **It is evidently the same as **Ataroth-addar** referred to at;**
- **And the boundary of the sons of Ephraim by their families came to be, yes, the boundary of their inheritance toward the east came to be **Ataroth-addar**, as far as Upper Beth-horon. (Joshua 16:5)**
- **And the boundary passed over from there to Luz, at the southern slope of Luz, that is to say; Bethel, and the boundary went down to **Ataroth-addar** upon the mountain that is on the south of Lower Beth-horon. (Joshua 18:13)**
- **In this latter verse it is presented as forming part of the North boundary of Benjamin and as located upon the mountain that is on the south of Lower Beth-horon.**
