

~ELECTRUM (25)

- The shining alloy of gold and silver, which, when heated in the furnace, has a quivering beauty and glowing yellow brilliance all its own.
- And I began to see, and, look! There was a tempestuous wind coming from the north, a great cloud mass and quivering fire, and it had a brightness all around, and out of the midst of it there was something like the look of **electrum**, out of the midst of the fire. (**Ezekiel 1:4**)
- And I got to see something like the glow of **electrum**, like the appearance of fire all around inside thereof, from the appearance of his hips and upward, and from the appearance of his hips and downward I saw something like the appearance of fire, and he had a brightness all around. (**Ezekiel 1:27**)
- And I began to see, and, look! A likeness similar to the appearance of fire, from the appearance of his hips even downward there was fire, and from his hips even upward there was something like the appearance of a shining, like the glow of **electrum**. (**Ezekiel 8:2**)
