

~HOMER (50)

- A dry measure corresponding to the cor and equaling ten baths or ten ephahs.
- As regards the ephah and the bath measure, there should come to be but one fixed amount, for the bath to carry a tenth of a **homer** and the tenth of the **homer** an ephah, with reference to the **homer**, its required amount should prove to be. (**Ezekiel 45:11**)
- And as for the allowance of the oil, there is the bath measure of the oil. The bath is a tenth of the cor. Ten baths are a **homer**, because ten baths are a **homer**. (**Ezekiel 45:14**)
- Based on the estimated volume of the bath measure, the ephah has been reckoned at 22 Liters (20 dry quarts). The **homer** would therefore equal 220 Liters (200 dry quarts).
- And I proceeded to purchase her for myself for fifteen silver pieces and a **homer** measure of barley and a **half-homer** of barley. (**Hosea 3:2**)
- In the wilderness, greedy Israelites gathered miraculously provided quail in such numbers that the one collecting least gathered ten **homers**, (2,200 Liters)(2,000 dry quarts)(62 bushels).
- Then the people got up all that day and all night and all the next day and kept gathering the quail. The one collecting least gathered ten **homers**, and they kept spreading them extensively all around the camp for themselves. (**Numbers 11:32**)
- The Scriptures also mention the **homer** as a measure for barley, seed, and wheat.
- And if it is some of the field of his possession that a man would sanctify to Yehowah, the value must then be estimated in proportion to its seed, if a **homer** of barley seed, then at fifty shekels of silver. (**Leviticus 27:16**)
- For even ten acres of vineyard will produce but one bath measure, and even a **homer** measure of seed will produce but an

ephah measure. (**Isaiah 5:10**)

- This is the contribution that you should offer, the sixth part of the ephah from the **homer** of wheat, and the sixth part of the ephah from the **homer** of barley. (**Ezekiel 45:13**)
