

~LABORING (20)

[English, work, toil, effort, manual labor, employment, industry]

- Paul set an example of **laboring** so as to assist the weak, giving of himself freely.
- I have exhibited to you in all things that by thus **laboring** you must assist those who are weak, and must bear in mind the words of the Lord Jesus, when he himself said; There is more happiness in giving than there is in receiving. (**Acts of Apostles 20:35**)
- Paul showed that Christians should submit themselves to everyone cooperating and **laboring** as one.
- May you also keep submitting yourselves to persons of that kind and to everyone cooperating and **laboring**. (**1 Corinthians 16:16**)
