

~METALS (21)

- Seventy-eight of the more than a hundred elements known to man are metals. Gold, silver, copper, iron, and lead are all mentioned specifically in the Scriptures. The first Biblical mention of metals is in;
- As for Zillah, she too gave birth to Tubal Cain, the forger of every sort of tool of copper and iron. And the sister of Tubal Cain was Naamah. (Genesis 4:22)
- In physical properties metals are opaque, fusible, and ductile, they have a metallic luster and are usually good conductors of heat and electricity. Chemically and physically the metals have certain distinguishing characteristics. For specific information and the Scriptural occurrences, see the above-mentioned metals under their individual names, also the heading.
