

~ORDAIN (12)

[English, order, decree, proclaim, lay down, command, establish]

- Paul laid out a command or **ordained** that whatever position a man or woman was in when called to be a Christian they should stay in it, whether married, single or a slave.
- Only, as Yehowah has given each one a portion, let each one so walk as God has called him. And thus I **ordain** in all the congregations. (**1 Corinthians 7:17**)
