

~WITHERS ## (13)

[English, shrivels, wilts, dries up, shrinks, droops, fades, Opposite of, blooms]

- In the morning it puts forth blossoms and must change, at evening it **wITHERS** and certainly dries up. (**Psalms 90:6**)
- For the sun rises with its burning heat and **wITHERS** the vegetation, and its flower drops off and the beauty of its outward appearance perishes. So, too, the rich man will fade away in his ways of life. (**James 1:11**)
