Overview

- 1· **The Bible is the Word of God and serves as a light to our roadways in life. (Psalms 119:105)** Though it was written over a period of approximately 1,600 years and was compiled by forty different men, still, its 66 books relate to each other with a remarkable clarity and cohesiveness.
- 2· **The Bible really is a very large library of history, prophecy and poetry, wisdom and song. It tells the story of God's chosen seed and their story is a powerful one. Though typeset by modern translators into a small hand held book, one, which can easily be carried daily, yet when typeset in normal fonts and at standard point sizes it is some 3,800 pages long, a considerable book.**
- 3· **How then can we make the material of greatest importance within it, really stand out when we read it? Modern tools like the computer have aided us in this search for wisdom and knowledge.**
- 4· **For one to know wisdom and discipline, to discern the sayings of understanding. (Proverbs 1:2)**
- 5· **To give to the inexperienced ones shrewdness, to a young man knowledge and thinking ability. (Proverbs 1:4)**
- 6· **A wise person will listen and take in more instruction, and a man of understanding is the one who acquires skillful direction. (Proverbs 1:5)**
- 7· **Men have today used computers to collect together the relationships between each verse in the Bible and all of the other verses that contain similar thoughts. This is known as a Cross-Referenced Bible and usually they contain a substantial listing of scriptural references (125,000 or more), which it is then the responsibility of the reader to look up one at a time, a daunting task.**
- 8· **The Bible encourages us to, prove to ourselves the good and acceptable and perfect will of God. (Romans 12:2)** This can be a difficult task, but nonetheless a highly rewarding one as many students of the Bible have found. The problem with such printed

- or book type references, is that the reader has to do a great deal of repetitive searching to find what he is looking for.
- 9· Because of the limited nature of printed books both regarding their size and our ability to search through them quickly and easily, a better method is needed, and the computer is the solution. The **New World Translation** of the Bible on which this reference work is based, is a fine word for word modern English translation containing approximately 125,000 internal cross-references, which the reader must then individually look up. Also because of the limited nature of printed books, it is not possible to make an exhaustive cross-reference in printed form, it is simply too space consuming. It would take 25, one thousand page books.
 - 10· However **An Exhaustive Cross-Reference Bible** has been created from the **New World Translation** and it contains 231,636 cross-references, which are all fully looked up. This reference work is also available, "**An Exhaustive Cross-Reference of The Holy Bible Using the New World Translation of the Holy Scriptures**" from this author on computer in ePub format. It is over 25,000 pages long and can be easily searched through, whereas a printed book would actually be the equivalent of a full set of encyclopedias. Within it, all of the scriptures are already looked up and shown in context, and the text is formatted in color and is easily readable and copyable directly to talks and other printed materials. For instance all of Yehowah's words are in **Brown** and all of Jesus statements are in **Indigo** and all Messianic prophecies are in **Teal**.
 - 11· Needless to say this work takes a while to read from end to end and so we have created a version of it here called, "**Key Themes And Teachings of the Bible**" Only 11,065 Pages, which takes only verses that are referenced in ten or more other places within the Bible itself. Also a subset of this book is compiled for beginning students of the Bible called, "**You Must Worship With Spirit and Truth**", 707 Pages. These then are themes of the Bible for the very reason that they are thoughts, ideas and scriptural principles that are repeated over and over again throughout the Bible record. This is much the same as instruction coming from a father or mother, which is often repeated for emphasis, because it is important.
 - 12· The Bible contains many other important thoughts, which are not mentioned this often in the Bible record, and we are not trying to minimize the value any of them, in any way. However these teachings and principles really stand out, as what the Bible is

primarily about, and as you read and study them you will see certain thoughts repeated hundreds of times, these are the central or key teachings and principles of the Bible. For example the most frequently referenced single Bible verse, one referenced 79 times, is found at:

- 13· Do not be misled! God is not one to be mocked. For whatever a man is sowing, this he will also reap. (**Galatians 6:7**)
- 14· Each listing is taken from the (31,373) Bible verses along with its supporting references and these references are counted and fully looked up for your convenience. There are 5,888 that have been selected for inclusion into this book. All references in this section are in the standard order of the Bible canon. All of the key words within the primary verse are also color coded in Light Green, to aid the reader to focus on the theme words while reading through the material.
- 15· A great deal can be learned about the Bible just by reading each index for a synopsis of each teaching is included along with the verse represented. More serious students of the Bible though will want to explore the various supporting verses by reading all their related references.
- 16· If you have ever wanted to know just what the Bible teaches on any subject, and on every subject, then you are encouraged to fully explore this book's contents, for within it is every Bible pathway. It will teach you to think like God. For the Bible promises; Draw close to God and he will draw close to you! (**James 4:9**)
18. It is the sincere hope of the author that many people will thus use this simple system to Draw Close to Yehowah for this is life everlasting.
