

**John 18:34~** **Jesus answered; Is it of your own originality that you say this, or did others tell you about me?**

**1· So Jesus asked Pilate if it was of his own originality that he was asking such a question, or did others simply tell him to ask this?**

**[Question]** What then, did Jesus ask of Pilate, to get at the source of his reason for asking this question?

**2· Therefore Pilate came outside to them and said; What accusation do you bring against this man? (John 18:29)**

**[Question]** What did Pilate ask of the Jews, when he went outside to where the Jewish religious leaders were standing?
