

John 21:11~ **Simon Peter, therefore, went on board, and drew the net to land full of big fishes, one hundred and fifty-three of them. But although there were so many, the net did not burst.**

1· So Simon Peter went on board the boat and finished drawing the net ashore which was full of 153 large fish. Yet although there were so many, yet the net did not break.

[Question] What did Peter then do, and how many fish had they just caught?
