**1·** So after hearing his words, they were willing to take him with them into the boat, and as soon as they did so, the boat was at the land that they were trying to reach along the western shore.

**[Question]** What then, were they willing to allow him to do, once he spoke to them, and where did they come to, shortly after his doing so?

**2·** And they got across and came to **land** in Gennesaret. **(Matthew 14:34)**

**[Question]** What land did they then alight from the boat into?

**3·** And he got up into the **boat** with them, and the wind abated. At this they were very much amazed within themselves. **(Mark 6:51)**

**[Question]** What happened to the wind, that had been against them all night long, as soon as he got into the boat, and how did this make them feel?
