

John 9:10~

Consequently they began to say to him; How, then, were your eyes opened?

1· So as a result of his own personal witness they would ask him how his eyes that he was born with in blindness, were healed of the blindness.

[Question] What then, did the people want to know, about how he regained his sight?

2· This time, therefore, the Pharisees also took up asking him how he gained sight. He said to them; He put a clay upon my eyes, and I washed, and have sight. (John 9:15)

[Question] What did the man then testify to the Pharisees, when they asked him how he regained his sight?
