

John 9:15~ This time, therefore, the Pharisees also took up asking him how he gained sight. He said to them; He put a clay upon my eyes, and I washed, and have sight.

1· So they also asked the man born blind, how he had gained sight. So he told them the same thing, that Jesus put a clay upon his eyes and he washed it off, and now he could see.

[Question] What then did the Pharisees ask the man, and what did he reveal to them also?

2· Consequently they began to say to him; How, then, were your **eyes** opened? (**John 9:10**)

[Question] What were they also interested in knowing?
